Professional Work Experience

01. Working as Sr. UI/UX Designer & Developer with Seffcon labs pvt. Ltd. Nashik.

[From 5th July 2023 to 20 Aug 2024]

As a Senior UI/UX Designer and Team Lead at Seffcon Labs, I specialize in crafting professional web and mobile app designs. My role involves leading design projects, ensuring intuitive and aesthetically pleasing user experiences, and guiding a talented team to deliver top-quality digital solutions. With a keen eye for detail and a passion for innovation, I have honed my skills to transform complex requirements into user-friendly interfaces that drive engagement and satisfaction.

Projects: Artha.one, Slicknotepad, Purushartha, Health Harmony, More…

Role: UI/UX Designer & Developer

Environment: HTML, CSS, Java Script, jQuery, Figma, Wireframing, Prototyping, UI/UX design, Visual Design, Prototyping.

02. Working as Sr. UI/UX Designer & Developer with Contisoft Technologies LLP. Pune.

[From 8th Sept 2021 to 30 June 2023]

At Contisoft Technologies, a leading app development company, I serve as a Senior UI/UX Designer and Developer. In this role, I have honed my skills in Angular, applying them to live projects to create seamless and engaging user experiences. My responsibilities include leading design and development efforts, ensuring high-quality outputs, and achieve project goals efficiently and innovatively.

Projects: TrackPayout, TenderitNow, Cost-management, Renewal Help, Digital Twins, IREP

Role: UI/UX Designer & Developer, Front End Developer

Environment: Html, CSS, Java Script, jQuery, Angular, Node, Express, MySQL, Typescript.

03. Working as Front-End Developer with DraftnCode Software Solutions, Nashik.

[From 18th July 2020 to 30th Aug 2021] - [13 Month's]

At Draftncode Software Solution, an IT company specializing in web and graphic design, I serve as a Senior Front-End Developer. In this role, I have not only advanced my expertise in front-end development but also acquired foundational skills in WordPress development. My work focuses on creating visually compelling and user-friendly interfaces, ensuring seamless user experiences across all projects.

Projects: myjodidar.com, multigegesys.com and more…

Role: UI/UX Designer, Front-End Developer

Environment: Html, CSS, Java Script, jQuery, WordPress, UI/UX Design.

04. Working as Graphics & Web Designer with Tech Indiana Software Solutions, Nashik.

[From 10th May 2018 to 23th June 2020] – [25 Month's]

At Tech Indiana, a company specializing in developing MVC applications, web apps, and mobile applications, I work as a Web and Angular Developer with great experience. During my tenure, I have significantly enhanced my knowledge of web development and Angular, mastering the creation of Angular application UI/UX designs. My role involves crafting efficient, user-friendly applications, contributing to diverse projects, and continuously advancing my skills in cutting-edge technologies.

Projects: Airport Activity Management System**.**

Role: Web Designer with Angular

Environment: Html, CSS, Java Script, jQuery, Web Hosting, Angular

05. Working as Web Designer and Developer with Xposure Techmedia Pvt. Ltd, Nashik.

[From 6th Feb 2016 to 25th April 2018] – [26 Month's]

At Xposure Techmedia, an IT service provider specializing in application development, web design, and web apps, I work as a Graphics and Web Designer. In this role, I have enhanced my expertise in web and graphics design, and gained valuable skills in website hosting and SEO-based coding. My responsibilities include creating visually appealing designs and ensuring optimal performance and searchability for web projects.

Projects: photonenergytech.com, ima-india.org and more…

Role: Web Designer & Developer

Environment: Html, CSS, Java Script, jQuery, Web Hosting.
